

Volunteer Opportunities/Ideas

*** For opportunities to help, check with the various clubs/organizations at Reagan since they normally participate or sponsor activities throughout the year.**

PALS, NHS, Student Council, American Red Cross, etc...

*** Planning a family vacation? Combine your holiday with volunteer service.**

Many organizations offer volunteer vacations and destination service activities that let you work together to build trails, assist with archeological digs, and build or restore houses. For more information on how to connect your family with volunteer opportunities on public lands all across America, visit www.volunteeramerica.net/vacations.htm.

*** Natural disasters (hurricanes, tornados..) destroy homes across the country each year . Every year natural disasters leave many families with damaged homes, or even worse, homeless.**

Collect school supplies during the summer and create Back to School kits for children in communities impacted by disasters. Or collect and send clothes, books and furniture. For information on how to donate to affected communities, visit www.redcross.org.

*** For opportunities to help in your city/community, we've listed a few websites. Most organizations/groups require a parent/guardian to attend with a student/youth, therefore, we recommend you and your parents contact these groups directly for more information & details.**
